Agenda #1
SGX Project

Meeting Date: June 16, 2016

- Feedback on GZ07 presentation slides

- Discuss development platform

  - Intel SDK (turns out you do not need the hardware, there is a simulation mode)
  - openSGX

- Discuss choice of libraries

  - Apache vs. nginx
  - openSSL vs. libreSSL

- Feedback on preliminary design

  - Private key provisioning
  - Do we need to secure session keys?
  - Callgates

- Determine a plan for the next 2 weeks
